advantage aludecor

- Manufactured with fully recycled products, Aludecor ACP facilities earning **LEED credits MR 4.1 and MR 4.2**
- Only **lead - free paints** are used to negate health hazards
- The building's **thermal insulation can be enhanced** when clad with Aludecor ACP owing to the air pocket formation between the structural wall and the panels
- Aludecor ACP **minimises aluminium usage**. This is because without using more than 1mm of the metal, Aludecor ACP gives the same firmness of a solid aluminium panel
- **Can be fire rated** and come under Aludecor Firewall which resists fire for 2 hours, prevents fire propagation, suppresses smoke and produces zero flaming droplets or particles as per the tests (ASTM E119-12 and B - s1, d0 of EN 13501-1) conducted at **Exova Warringtonfire, UK**
- Aludecor ACPs with cool colours have **Lumiflon-based Fluoropolymer paint finish** which offer high solar reflectance thereby enhancing a building's energy efficiency Facilitates earning **LEED credits ID 1.1 to 1.4**
