OUR LAMINATES ARE

ONE STEP ABOVE

“  
At Bravia, we believe where passion meets excellence. We create what can be best described as hallmarks of quality and elegance. Our laminates offer world class quality in myriads of texture, colours and designs. This collection focuses on beautiful textures and design which are cut above the rest. Bravia laminate encompasses of many bespoke attributes making it suitable for residential as well as commercial spaces.  
”

## INTRODUCTION

Being one of the leading brands of high pressure laminates in India, we have been successfully catering to the specific requirements of our clients with Glossy, Matt, Suede and Texture in our range of extraordinary laminates. We have a team of dedicated and qualified professionals who ensure the best of the quality and also are responsible for developing the new range of products that keep us ahead in the market.

Today, "Bravia" has positioned itself in the premium segment of wood panel and wood surfacing products and is well known to leading Architects, Interior Designers and contractors in a short span of time, making it one of the active brands in its product category. The traders across the country, including dealer and distributors recognize "Bravia" for its high quality and universal policies.

## TECHNICAL SPECIFICATIONS

### FINISHES:

Bravia laminates are available in 1 & 1.5 mm (+0.05mm) thickness in the sheet size of 244cm x 122cm. The finishes available are Matt, Glossy and Suede and exclusive range of Textures.

### CARE AND MAINTENANCE:

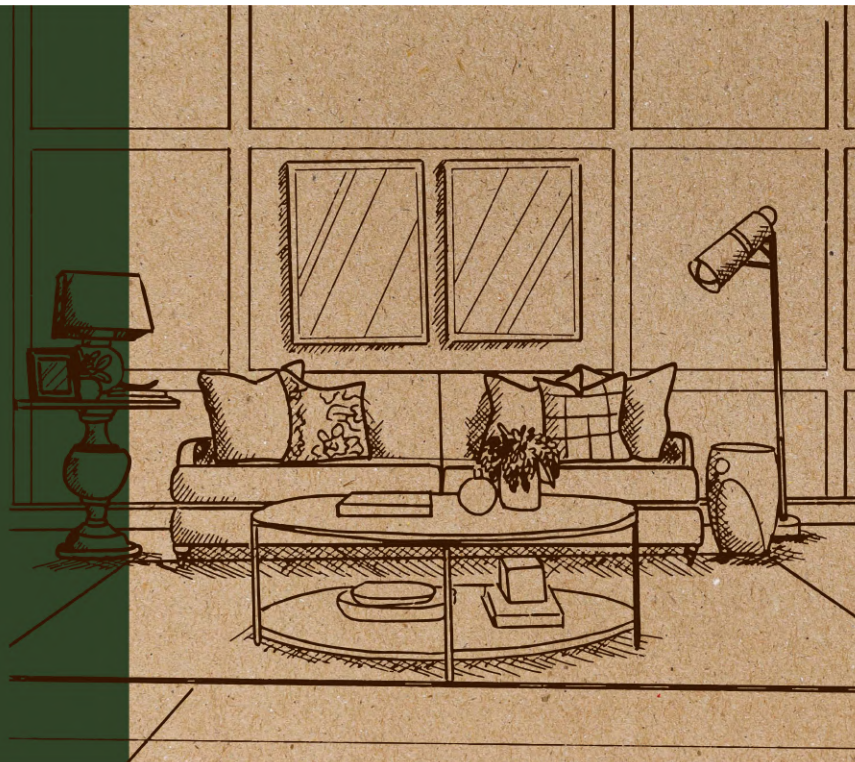

Wipe clean with ordinary soap or household liquid detergent. For stubborn stains use diluted organic solvent or stain remover. Abrasive cleaners and wire brushes are not recommended.

### NOTES:

- All tests may not be valid Metallic Laminates.
- Sample pasted, represent only colour, pattern and finish, not actual thickness.
- There may be slight variation in shades in batch to batch, particularly in metallic designs.
- Bonding of laminate under high humidity, plywood with high moisture content, ply with uneven surface, inferior quality adhesive and insufficient pressure may lead to delamination / air bubbles in between ply and laminate.
- Bravia warrants that its products are free from manufacturing defects and they are fit & suitable for use under normal conditions. The product must be inspected prior to installation. In case of any claims, the liability of the Company is limited to the cost of the product only.
